

Smiles of Life

A National Oral Health Curriculum

Third Edition

STFM Group on Oral Health

Resources for Further Learning

General

US Department of Health and Human Services. Oral health in America. A Report of the Surgeon General. Rockville, MD: US Department of Health and Human Services, National Institute of Dental and Craniofacial Research, National Institutes of Health; 2000.

The widely cited Surgeon General's report.

Douglass AB, Douglass JM, Barr C, Eisenberg E, Goldblatt R, Ioannidou E, Peterson D. Oral Health for the Family Physician. (Monograph) FP Essentials, Edition No. 304, AAFP Home Study. Leawood, Kansas: American Academy of Family Physicians, September 2004.

A comprehensive monograph covering all aspects of oral health aimed specifically at family physicians.

Eisenberg E, Barasch A. Oral examination: pointers for spotting local and systemic disease. *Consultant* 1995;35:1710-21.

A good review of the oral examination.

Child Oral Health

AAP Section on Pediatric Dentistry. Preventive Oral Health Intervention for Pediatricians. *Pediatrics* 2008;122:1387-1394.

The AAP's official statement on oral health interventions by pediatricians and the timing of the first dental visit.

Douglass JM, Douglass AB, Silk H . A Practical Guide to Infant Oral Health at the Well Child Visit. *American Family Physician* 2004;70:2113-2120,2121-2122.

www.aafp.org/afp/20041201/2113.html

A good review article focusing in child oral health at the well child visit..

Adult Oral Health

Gonsalves WC, Chi AC, Neville BW. Common oral lesions: Part I. Superficial mucosal lesions. *Am Fam Physician*. Feb 15 2007;75(4):501-507.

An excellent review of common oral lesions aimed at primary care clinicians.

Gonsalves WC, Chi AC, Neville BW. Common oral lesions: Part II. Masses and neoplasia. *Am Fam Physician*. Feb 15 2007;75(4):509-512.

An excellent review of common oral lesions aimed at primary care clinicians.

Reamy BV, Derby R, Bunt CW. Common tongue conditions in primary care. *American Family Physician*. 2010;81(5):627-634.

An excellent review of common tongue conditions aimed at primary care clinicians.

Wilson W et al. Prevention of Infectious Endocarditis: Guidelines from the AHA. *Circulation* 2007;116:1736-1754.

The definitive AHA guidelines on antibiotic prophylaxis.

Lockhart P, et al, The evidence base for the efficacy of antibiotic prophylaxis in dental practice, *Journal of the American Dental Association*, 2007, 138:458-474.

An excellent evidence-based review.

Little JW, Falace DA, C.S. M, . RNL. Dental management of the medically compromised patient. Sixth Edition ed. St. Louis: Mosby, Inc.; 2002.

A general reference on dental management on medically complicated patients.

MacDonald DE, Principles of Geriatric Dentistry and their Application to the Older Adult with Physical Disability, *Clinics of Geriatric Medicine*, 2006;22:413-434.

An excellent review of common dental issues in the geriatric population.

Dunn AS, Turpie AG. Perioperative management of patients receiving oral anticoagulants: a systematic review. *Archives of Internal Medicine*. 2003;163(8):901-8.

A good review of the issues surrounding oral surgery and dental treatment in patients on oral anticoagulants.

Neville BW. Oral and Maxillofacial Pathology. Philadelphia: WB Saunders.

A definitive textbook of oral pathology.

Acute Dental Problems

Douglass AB and Douglass JM. Common Dental Emergencies. *American Family Physician* 2003;67(3):511-516.

www.aafp.org/afp/20030201/511.html

A good review article aimed specifically at primary care clinicians.

Nguyen DH, Martin JT. Common dental infections in the primary care setting. *Am Fam Physician*. Mar 15 2008;77(6):797-802.

A good review article aimed at primary care clinicians.

Newsome PR, Tran DC, Cooke MS. The role of the mouthguard in the prevention of sports-related dental injuries: a review. *International Journal of Paediatric Dentistry*. 2001;11(6):396-404.

A review of the use of mouthguards.

Andreasen JO, Andreasen FM, Bakland LK, Flores MT. Traumatic Dental Injuries – A Manual Copenhagen: Munksgaard; 1999.

The comprehensive reference on traumatic dental injuries.

Dickson, M. Where There is no Dentist. Hesperian Foundation, Palo Alto, 1983.

ISBN # 0-942364-05-8

A well-known reference aimed at non-dentists in rural areas.

Oral Health in Pregnancy

Silk H, Douglass AB, Douglass JM, Silk L. Oral health during pregnancy. *Am Fam Physician*. Apr 15 2008;77(8):1139-1144.

A good review of the latest evidence aimed at primary care clinicians and medical professionals who provide maternity care.

Bogges KA, Edelstein BL. Oral health in women during preconception and pregnancy: Implications for birth outcomes and infant oral health. *Matern Child Health J* 2006;10:S169-174.

A good general review of oral health in pregnancy and its implications for the oral health of children.

Douglass JM, LI Y, Tinanoff N. Systematic review of the association between mutans streptococci in primary caregivers and mutans streptococci and dental caries in their children. *Pediatric Dentistry* 2008, 30(5):375-387.

The definitive evidence based review on the transmission of mutans streptococci.

Topical Fluoride Varnish

Pendrys DG. Risk of enamel fluorosis in nonfluoridated and optimally fluoridated populations: considerations for the dental professional. *Journal of the American Dental Association*. 2000;131(6):746-55.

A good review of the balance between the benefits of fluoride supplementation and the risks of fluorosis.

Hutter JW, Chan JT, Featherstone JDB, et al. Professionally Applied Topical Fluoride: Evidence Based Clinical Recommendations. American Dental Association, Council on Scientific Affairs, May 2006.

The ADA's recommendations of the use of topical fluoride.

Revised June, 2010
